Book of Destiny

Welcome to your personal report from the Book of Destiny! Inside you will find detailed information about one year of your life. If you read carefully, you can extract even more information from this valuable report.

The information found within comes from a very ancient and highly revered mystical science that originated before the days of early Egypt. Its exact origins are unknown but its accuracy speaks for itself. The information it will give you will be timely and practical, pertaining to the events and experiences you are currently going through.

Understanding the Structure of a Yearly Report

The information about your life in the Book of Destiny is in the form of playing cards arranged in a particular formation. The positions of these cards is not random in any way. Each card is derived from mystical calculations taken from your birthday and your current age. It is these cards and their meanings, that relay the information about each year of your life. Here is how these cards are divided and presented in the context of this Yearly Report.

First of all, this report will have one or more Main Sections, each referring to the cards found under one of your personal signifiers. Our personal signifiers are cards that represent us in some way. These include the Birth Card, Planetary Ruling Card, Personality Cards and Karma Cards. All of these cards can be used to signify us and each plays a certain role. However, not all of them are required to make a complete Yearly Report. Therefore, this report may contain one or as many as five main sections, each under the heading of one of these personal signifiers, depending upon who ran this report for you and which personal signifiers they believed would be the most helpful for you to know about. Most Yearly Reports include the cards for two personal signifiers, the Birth Card and one other. Karma Cards are rarely used.

Each of the Main Sections of a Yearly Report is divided into two distinct groups of cards and each of these Card Group Sections will have a Title Page to let you know what will follow. The first Card Group Section are what we call the Year-Long Influence Cards. These five cards, the Long Range, Pluto, Result, Environment and Displacement Cards, cast their influence on an entire year of our life. For this reason, their influence is more powerful than the other cards in a Yearly Report.

NOTE: Some of the Birth and Planetary Ruling Cards do not have Environment and Displacement Cards. These are the Ace of Clubs, 2 of Hearts, 9 of Hearts, Jack of Hearts, 8 of Clubs, 7 of Diamonds and King of Spades. If one of your personal signifiers is one of these cards, there will not be a page about the Environment and Displacement Cards in that Main Section.

The second Card Group Section in each Main Section are the Planetary Period Cards. There will usually be two cards found in each of seven Planetary Periods that divide the year into 52-day segments and the Title Page for this section will show them all to you and list the dates that correspond to the beginning of each period. Your birthday marks the beginning of the first period, called the Mercury Period. 52 days later the next period begins (Venus) and so forth until your next birthday marks the ending of one year and the beginning of the next. The cards found in each period have a strong influence over the events and experiences of that time segment. They also cast a subtle influence on the entire year and when this is the case, it will be mentioned in the interpretations for that particular card.

That is basically all there is to a Yearly Report except that there is a special section that is found in the beginning called the Report on Auspicious Positions Page. This page will tell you about influences that are present due to the position of your Birth Card and Planetary Ruling Card in this year's Grand Solar Spread. The Grand Solar Spread is sort of a master spread from which the cards in your Yearly Report were taken. You may or may not have one of these pages because there are some years that your cards may not fall into any of the nine various auspicious positions that this report looks for.

More About Your Personal Signifiers

Your birthday associates you with one of the 52 playing cards. That card, called the Birth or Destiny Card, tells us much about your personality, character, and potential in the various areas of life. Every Birth Card has a highest expression as well as challenges that must be dealt with during the course of a lifetime. Inside, you will find a detailed description of your Birth Card on the page entitled "About Your Birth and Destiny Card". This is the first place to begin in your study. The meaning of your Birth Card will not change over the course of your life. Each of us is constantly refining the characteristics of our Birth Card, striving to reach the highest potential it offers us while working with some of the karmic challenges that are also associated with it.

Even though it is the most important, our Birth Card is not the only card that is a personal signifier for us. There are other cards that offer further clues about our character traits and personality. The most important is our Planetary Ruling Card. The Planetary Ruling Card is derived from our sun sign and explains much about our behavior in a similar fashion as the Birth Card. It is often compared with our Rising Sign in astrology. It acts as a personality filter that influences our behavior in a certain way and it is an important card to learn more about.

We also have one or more Personality Cards that are essentially masks that we wear from time to time when we are engaged in certain activities or occupations. These are always the Jack, Queen and King of our Birth Card's suit. For example, if a woman is romantically involved, she is usually playing the role of her Queen. If her Birth Card is a 5 of Clubs, for example, she would be acting as the Queen of Clubs when she was in love. Men in love act as the Jack of their suit. When your Yearly Report has a Main Section for one of these Personality Cards, just exactly how they fit into the overall picture will be explained in the report. Just keep in mind that these Personality Card influences are only in effect for whatever period of time we make their activities important in our lives. This is very different from the Birth Card or Planetary Ruling Card which are in effect all of the time.

Our Karma Cards offer additional mirrors of our personality, often revealing hidden traits. Most of us have two Karma Cards but some have as many as six. If this report has a Main Section in this report for one of your Karma Cards, it will likely reveal events and experiences that are very personal in nature and perhaps not so significant in an external or mundane fashion.

How to do Relationship Readings for this Year

Though not apparent on the surface, this report does allow you to look up people you know and discover how they will be influencing you in the year that this report is created for. This section gives you all the tools you need to do this on your own, it is not presented directly by the report, but the information is available if you have the time to read this and follow the necessary steps.

STEP ONE - Make a list of the Birth Cards of people you want to know about. On the following page is a Birth Card Chart that gives the Birth Cards for each birthday of the year. In the table in the next column, list up to ten of the most important people in your life. Write down their names and birthdays and then look up their Birth Card and write that in as well.

STEP TWO - Determine their Personality Cards. Personality Cards are used frequently in relationship comparisons because they have proven to be accurate and important in this area. For purposes of this report, just list the Jack for men and the Queen for women, always of the same suit as their Birth Card, and write them down next to their Birth Card. For example, if some man you know has a Birth Card of a 7 of Diamonds, you would write the Jack of Diamonds down under "Cards" beside his Birth Card.

STEP THREE - If you have the book, Love Cards by Robert Camp, look up and write down the Planetary Ruling Cards and Karma Cards of each person. These additional personal signifiers will give you more cards to look for.

Name	Birthday	Cards

Your List of Friends and Family

They are not completely necessary, but if you have them, it will simply add more to your search.

STEP FOUR - Look through your Yearly Report for the occurrences of their cards and then compare their locations with the Relationships LookUp Table to determine what it means. Take their Birth Card first and look through your Report to see if it is mentioned anywhere. If you find it, make a note of what position it is in (Long Range, Mercury Period, Pluto, etc.) The Relationships LookUp Table on the page after next will tell you what it means when it is found in any particular position. Once you have looked for their Birth Card, you can search for their other cards in the same manner.

The position of each card will relate a specific influence they will have on you over the course of the year. When one of their personal signifiers shows up in a specific Planetary Period, you can bet that they will play a significant role in your life at that time. Read the meaning of the other cards found in that period to determine just what that role might be. For example, suppose someone you know is a 3 of Hearts female and you happen to have a Queen of Hearts in your Mars Period along with a 5 of Diamonds. This Queen of Hearts is one of your 3 of Hearts friend's personal signifiers and thus it does represent her playing some role at that time. Because it is in Mars, you know that it could be a competitive or passionate role. The 5 of Diamonds suggests a change in finances related to a legal matter or a business trip. Putting these tips together you may predict a disagreement with your 3 of Hearts friend about some money matter, perhaps a legal matter, OR that the two of you go on a business trip in a somewhat restless manner.

Using this technique, you can add a lot more dimension to your personal Yearly Report. In fact, most of the cards in our Yearly Reports have dual meanings and many stories to tell us. The interpretations given for each of the cards tell the major story, but with the proper tools, you can derive much more information about other aspects of your life.

Relationship Interpretation LookUp Table

Position	Keywords - Description
Mercury Period	Good communications, love to talk, share ideas. Helpful for all relationships.
Venus Period	Love, either close friendship or intimate, good for marriage or any relationship.
Mars Period	Aggression and Competition/Anger or Passion and Lust. A good marriage connection if you are a woman. Making love and/or fighting all year.
Jupiter Period	Spiritual and financial or material blessings. Very good influence for marriage or business partners.
Saturn Period	Restrictions, burdens, challenges, learning lessons, karmic relationships. This person may teach you. if you accept them with the right attitude. Otherwise, it is difficult or problematic.
Uranus Period	A spiritual relationship that needs freedom. Can make you feel uncertain. Friendship without the usual attachments. Do not try to control them this year. They come and go unexpectedly.
Neptune Period	You project your fantasies onto them. Illusion, self-deception or secret deceptions are likely. They can be spiritual or mystical to you. Dream come true or nightmare?
Pluto Card	They personify your challenges for this year. They may represent what you want to be yourself. Challenging and transforming to you. Combine with Result Card for complete story.
Result Card	Same as Pluto but you are likely to end up with them by your next birthday, as a blessing in your life. Part of what transforms you this year but a blessing as the year ends.
Environment Card	Someone who is a protective and helpful influence to you throughout this year. A blessing.
Displacement Card	This is an important one. Since you are literally sitting on their card this year, you are experiencing life from their point of view. You will also have to give to them this year, whatever seems appropriate.

Special Tips for Gaining a Better Understanding of Your Yearly Report

1. To know more about your personal relationships in a year-long manner, look at the cards in your Venus Period and look at all the Heart cards found everywhere in your spreads. These are the most important relationship indicators.
2. To find out more about your work for the year in a general way, look at the Mars and Uranus Period cards and the Spade cards found anywhere in your reading. If you are involved in any of the communications fields, look for Clubs cards to indicate your success or failure in those areas. Entertainers, artists and those that work primarily with people should look at the Heart cards and the cards found in Venus. Salespeople and merchants would look for Diamonds and the Jupiter cards.
3. To know more about your health, look at the Saturn Period cards and Spade cards in particular.
4. To find out how your finances will be this year, look at all the Diamond cards and the cards under the Jupiter Period.
5. Our Jupiter Period cards each year signify what or who will be the greatest blessings and in which direction we can achieve the greatest financial blessings. To insure your financial success, follow the path laid out by your Jupiter cards, especially the Jupiter cards found in your Birth Card and Planetary Ruling Card sections.
6. Always seek to combine the meaning of the two cards found in the Planetary Periods to get the complete meaning. The whole story for any particular period is a combination of both cards acting together. Sometimes the Neptune period has only one card. When this is the case, this one card is the only influence present.
7. Try to keep the various sections of the report in perspective. Sections based upon Personality Cards will only apply to those aspects of your life governed by those cards.
8. When two cards in one period seem to contradict each other, remember that the more positive card will win out over the negative card in any given Planetary Period. Though the negative card could indicate a problem of some sort, the other card will indicate a resolution of that problem later in the period.
9. To learn more about this amazing system and how to do readings for yourself and others, purchase a copy of *Destiny Cards* by Robert Camp, available where you got this report. His other book, *Love Cards*, is also highly recommended, and also available where you purchased this report.

BOOK OF DESTINY

All about Your Birth Card

Our Birth Card is our most important symbol of who we are in this lifetime. It is the card that we most identify with, and through which we have the greatest gifts to share with those around us. It is also called our Sun Card and our Soul Card.

The Queen of Hearts Person

The Mother Card

As the 'double Neptune' card, the Queen of Hearts has its share of idealism. All of these people possess a certain charm and magnetism that attracts others. They are the 'mothers of love' and share this love with all they come in contact with. They either get married and devote themselves to family or get involved in some professional career. They have more than average ability to be a success in many professions and especially good luck in professions where men predominate.

These people are very sweet, attractive, sociable and loving. They can be very successful artists or performers and all have an appreciation for art and beauty. Many are aware of and make use of their abundance of psychic or musical ability. As long as their idealism is guided by truth, they can live the life of love and nurturing that is their birthright. This is the "Loving Mother" card. Their calling in life has to include sharing their love with others and the more, the better.

When operating on the lower levels, they can be overly self-indulgent, lazy, frivolous, and into the 'good life'. This is a card of enjoyment of the sensual pursuits and experiences. There are many co-dependents, escapists, and alcoholics among the Queen of Hearts as well. Once they set their sights in line with their high ideals and are ready to renounce laziness and complacency, there is no limit to how high they can climb in their work and career.

Some of the Queen of Hearts Issues Concerning Relationships

The people of this card are usually attracted to those of power and financial strength. These are the 'darlings' of the deck. A female Queen of Hearts represents "The woman that all men dream of". She is naturally blessed with all the feminine qualities that can make for a perfect wife or love partner. They are charming and devoted to their families and their ideals of love. There is a certain gaiety and innocence about them and one would hesitate to ever criticize them for anything. Still, their ideals may be too high and sometimes they will attract a partner that will bring them 'back to earth'. Hopefully, the fall will not be too high or too hard.

In some cases the Queen of Heart's charm turns to indecision and a certain disregard for the feelings of others. They can play the field with success or will sometimes attract a partner who is unfaithful or indecisive.

All about Your Planetary Ruling Card

The Planetary Ruling Card acts like a second Birth Card to give you a new slant on your personality and character traits. It is very important in terms of your personal relationships since it represents a part of you that you identify with strongly.

Ten of Clubs as Your Planetary Ruler

This ruling card adds an aura of specialness to your personality, drawing you towards a high position in your work or profession. Many people with this card become known in some way and others attain great fame. You have teaching ability and probably are a teacher, regardless of what kind of work you officially do. You excel in mental areas though all this power can also make you hyperactive mentally, creating stress or problems in sleeping. It's like your mind never stops. You may even be drawn towards a career as an artist, actor or musician. You are personally an independent person and may have some trouble deciding which line of work to pursue.

Auspicious Events Occuring at Age 20

Each year most people's Birth and Planetary Ruling Cards move to a different location in what we call the Grand Solar Spread (pictured below). Each position has a unique significance and is described in the section about the Displacement Card. However, some of these positions are more significant and represent times in life when special events will occur. There are also special events determined by our age and by certain cards that fall into prominent positions in our Yearly Spreads. This section of your report will define what, if any, of these auspicious events will occur for you this year. The text given further emphasizes their unique importance in the overall fabric of your cards for this time of your life.

This is a Major Completion Year for You

Because you have a Nine card in a prominent position this year (Long Range, Pluto, Result, Environment, or Displacement), we know that this will be a year in which you achieve an important ending in your life. This Nine may occur in either your Birth Card or Planetary Ruling Card Spread. Endings can be seen as disappointments if we disregard their true meaning. In truth they represent graduations from chapters of our life that were important, but are now no longer helpful for our personal growth and development. What is also beautiful about endings is the wonderful freedom we feel after we have passed through it and are on to our next stage of work and development.

Whatever the nature of the endings in your life this year, be glad that you have reached the point in your development that you are ready to move on to better things and relationships. We are often afraid to let go of things that have become so familiar to us. Sometimes we are not even able to see that these things are no longer of any real use to us. Rest assured that this is the case for you. You are ready to move on and by this time next year, you will be in an entirely new and better place for your personal and professional development and expansion.

If you have more than one occurrence of a Nine in these prominent positions, the significance of this completion year becomes even greater and the stronger the likelihood that many areas of your life are coming to an end in preparation for a new phase of development.

Study whatever Nines you may find in your Yearly Spreads carefully. Each one will reveal the specific areas that you may be encountering some important completions.

You can find your True Purpose this Year

There is at least one occurrence of a Six card in your reading in a prominent position (Long Range, Pluto, Result, Environment or Displacement). This might be in either your Birth Card Spread, or your Planetary Ruling Card spread. Either way, this gives you a special opportunity, but one that is only taken advantage of by those who are aware of it. Sixes give us an opportunity to discover what our true purpose is for our life. Most people search their entire life to discover what their life is about and whether or not they have some special purpose or goal that they are to achieve during their time here on the planet. Many never find this purpose at all. Because of the presence of a Six card in a powerful position this year, you will have a special opportunity to discover what your purpose is. Of course, this only applies to you if you have the desire to know. If you are not that interested in knowing more about your life's direction, this will probably manifest

itself as a year of steady progress towards existing goals.

Sixes can be frustrating as well because they often represent static and unchanging conditions in our life. However, they also bestow upon us a special ability to perceive that which is usually hidden from our conscious minds. By listening to our inner voice, we can receive great inspiration and direction when these cards are present and you have at least one of them for this entire year. If you have more than one Six in a prominent position in either your Birth Card or Planetary Ruling Card Spreads, then this message becomes even more significant.

Study any and all Sixes that you find in these prominent positions this year, along with other Sixes that appear in your Yearly Spreads. They will reveal much about the special destiny that is coming your way. Good luck on your path to inner discovery.

About The One-Year Reading for your Birth Card

Our Birth Card is the most significant card of all the cards that represent us. It is the card that we identify the most with and the one in which we 'shine forth' with the greatest brilliance. We have other cards that are symbols of us as well. These include the Planetary Ruling Card, Personality Cards and Karma Cards to some extent. However, it is the Birth Card that is first and foremost in its importance and in its ability to describe our life in great detail.

Since this report may contain the Yearly Spreads for other cards that represent you, it is important to know the difference between them and their purposes in determining what they are trying to tell you.

On the following pages are all the cards for this year that fall in the Yearly Spread for your Birth Card. Cards in the Birth Card's Yearly Spread can pertain to most any area of your life, in contrast to the Personality Card spreads which usually only pertain to certain aspects of your life. As you read these influences keep in mind that these are the primary and most important.

Your Pluto Card This Year

Your Pluto Card

The Eight of Clubs as the Pluto Card

The Eight of Clubs as the Pluto Card means this is a year of developing your mind power to concentrate on certain goals and aspirations. With this concentration will come more success in your life but only after you have made the changes in yourself that will give you more of this focus of mind and will. You may desire success in one or more of the mental fields such as writing, learning, teaching, speaking or communications.

Somehow, the success that you desire this year, comes from a fixed and powerful mental state, perhaps by sticking with one or two important principles until they bear fruit. Others may see you as being stubborn or fixed at times, but inwardly you sense that it takes this kind of single-mindedness to accomplish the success you desire. You will have to develop new habits to accomplish this goal and the going will not always be easy. However, the influences are good and you should accomplish all you set out to achieve. Combine the meaning of this mental 'power card' with your Result Card to get the whole picture of why this mental power and success is important to you or who is involved in the developing of it.

Not only that, but this is a change that you want for yourself and one that you are motivated to work for.

If your Pluto Card is one of a spiritual challenge, it is likely that some inner exploration to the roots of your being will be necessary to effect this change. You are protected in this change and should not worry as the Ace of Spades has a deep spiritual connection to the highest spiritual orders and energies.

If your Pluto Card is one of a strength or power that you are trying to manifest in your life, this Ace of Spades indicates that this is a major change for you from the past. This change will happen and that is the guarantee of this card.

Long term investments are OK, but one should be careful here too. This influence brings financial problems in the usual sense but also promises great success for those who are giving of their time and resources to charitable causes.

The basic meaning of this card is the 'ending of something valued'. Something that you have wanted and worked for in the past has now outlived its usefulness in your life and is passing away. If you are conscious of this as the end of a cycle for you, you will be able to let go and move ahead looking to the future for better things to come.

This is a good influence for spiritual matters, learning new spiritual information, attending classes, etc. Also, keep in mind that a positive card, such as a four, eight, or ten, in the other position this period would offset any problematic situations that may arise and bring about good results overall.

Sexual and other forms of enjoyment will be limited or marked by burdens during this period and to a lesser extent for the entire year. You are learning the responsibilities of love and romantic expression and perhaps how your sexual and romantic expression affects those around you. If there are parts of yourself or your lifestyle that are due for a change, this is probably the time when it will happen. Your other Saturn Card could tell you more about this change or tell you what area of your life it will affect. Though most of us fear changes, they always lead us to something new and better.
